Engaging students in their learning  
and planning for future goals

# Perils of the adult driven system

---

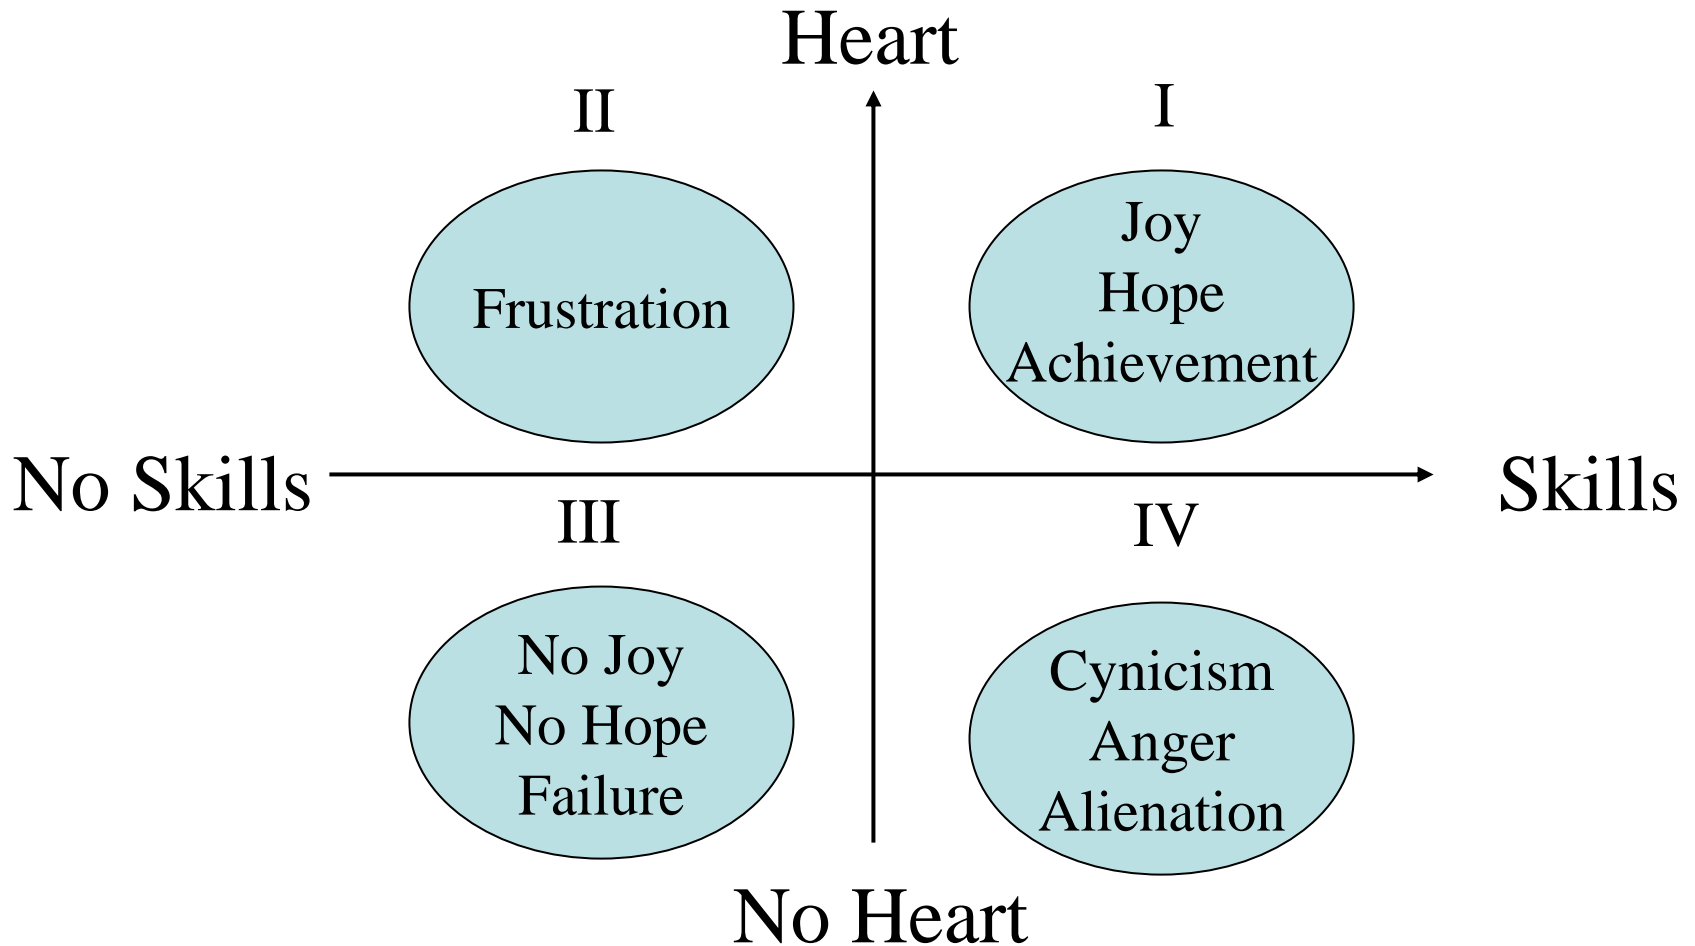

## What is this from?

---

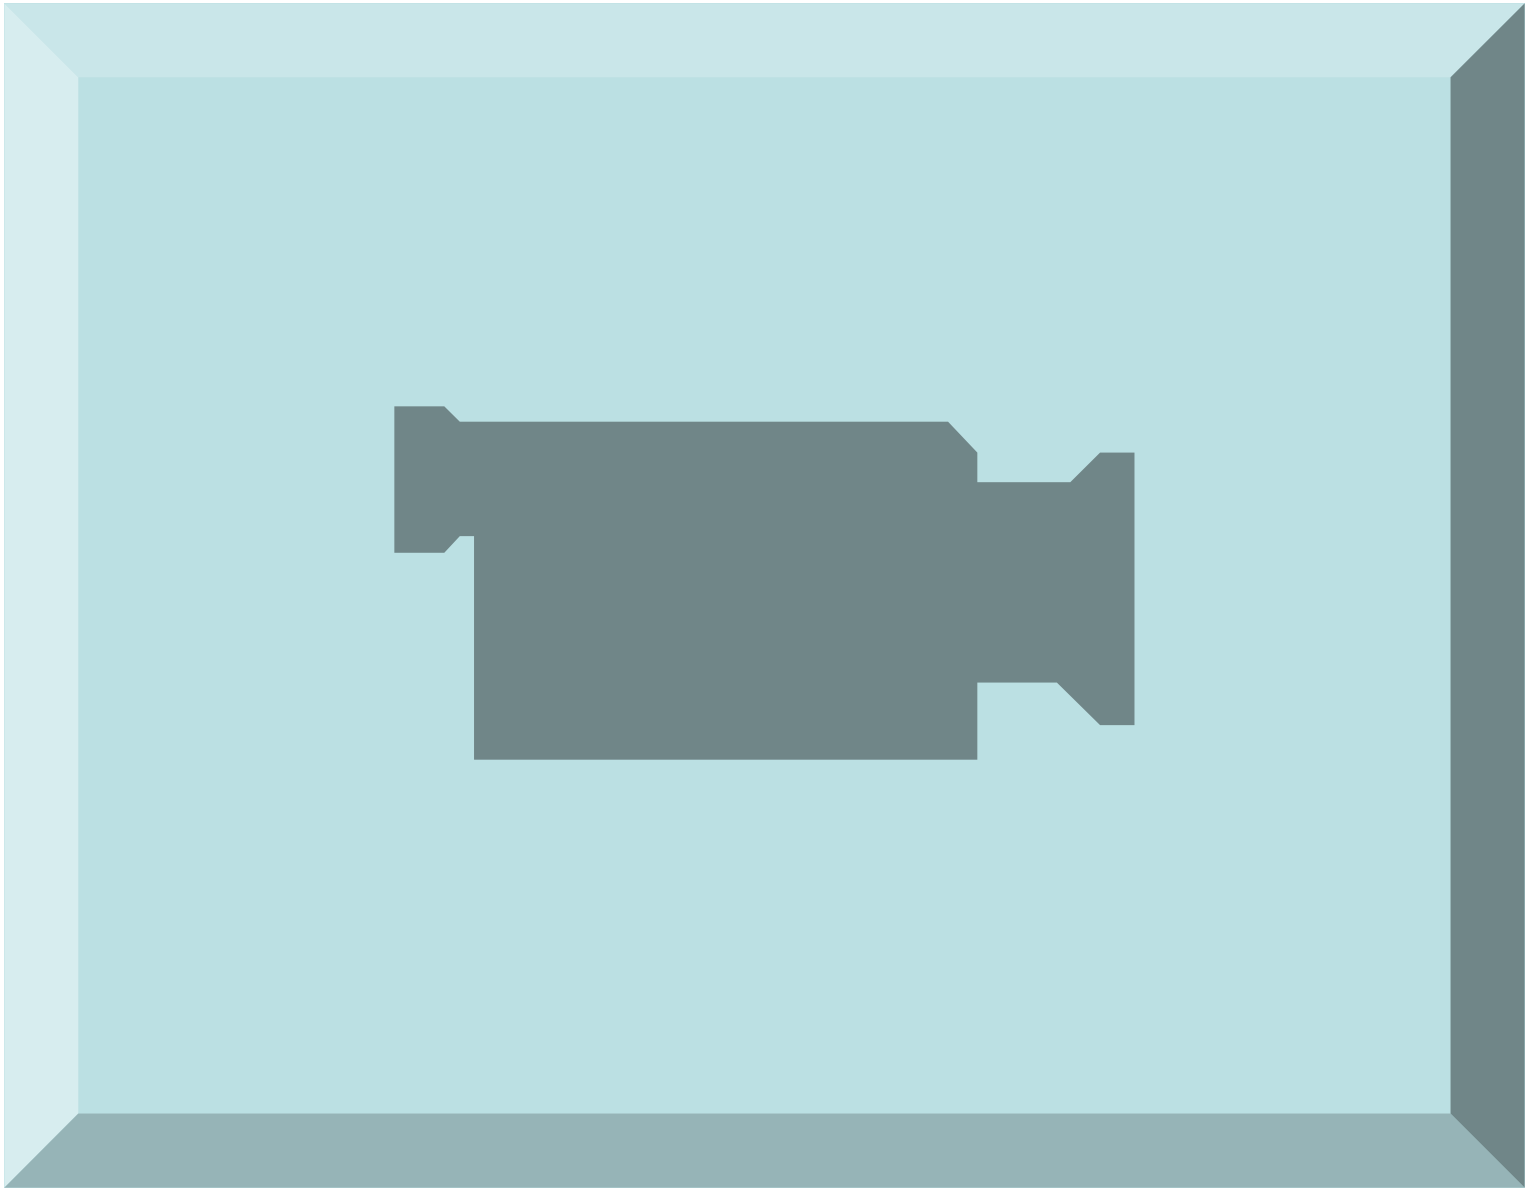

To provide students with the opportunity to become responsible citizens, to contribute to their own economic well being and to that of their families and communities, and to enjoy productive and satisfying lives.

Personal performance...what we want students to know and be able to do.

# Navigation 101 Key Components

- Purpose...with a focus on success
- Portfolio planner
- Guidance lessons
- Calendar of activities
- Student Led Conferencing ( SLC)
- Evaluation (satisfaction)
- Data (what good is this doing)
- Marketing results
- Roles ?

***“Locate a resilient kid and you will find a caring adult or several...who has guided them”.***

***-Invincible Kids, U.S. News & World Reports***

# The Advisor's Role

- Establishes a positive adult relationship
- Reinforces the importance of the advisory lesson / program
- Point of contact for the student and parent/guardian by...
  - Showing interests in the student's success
  - Referring students and parents to resources
- **Advocates** – intervention, directs resource, helps navigate the system
- *“Trust takes time and patience”*

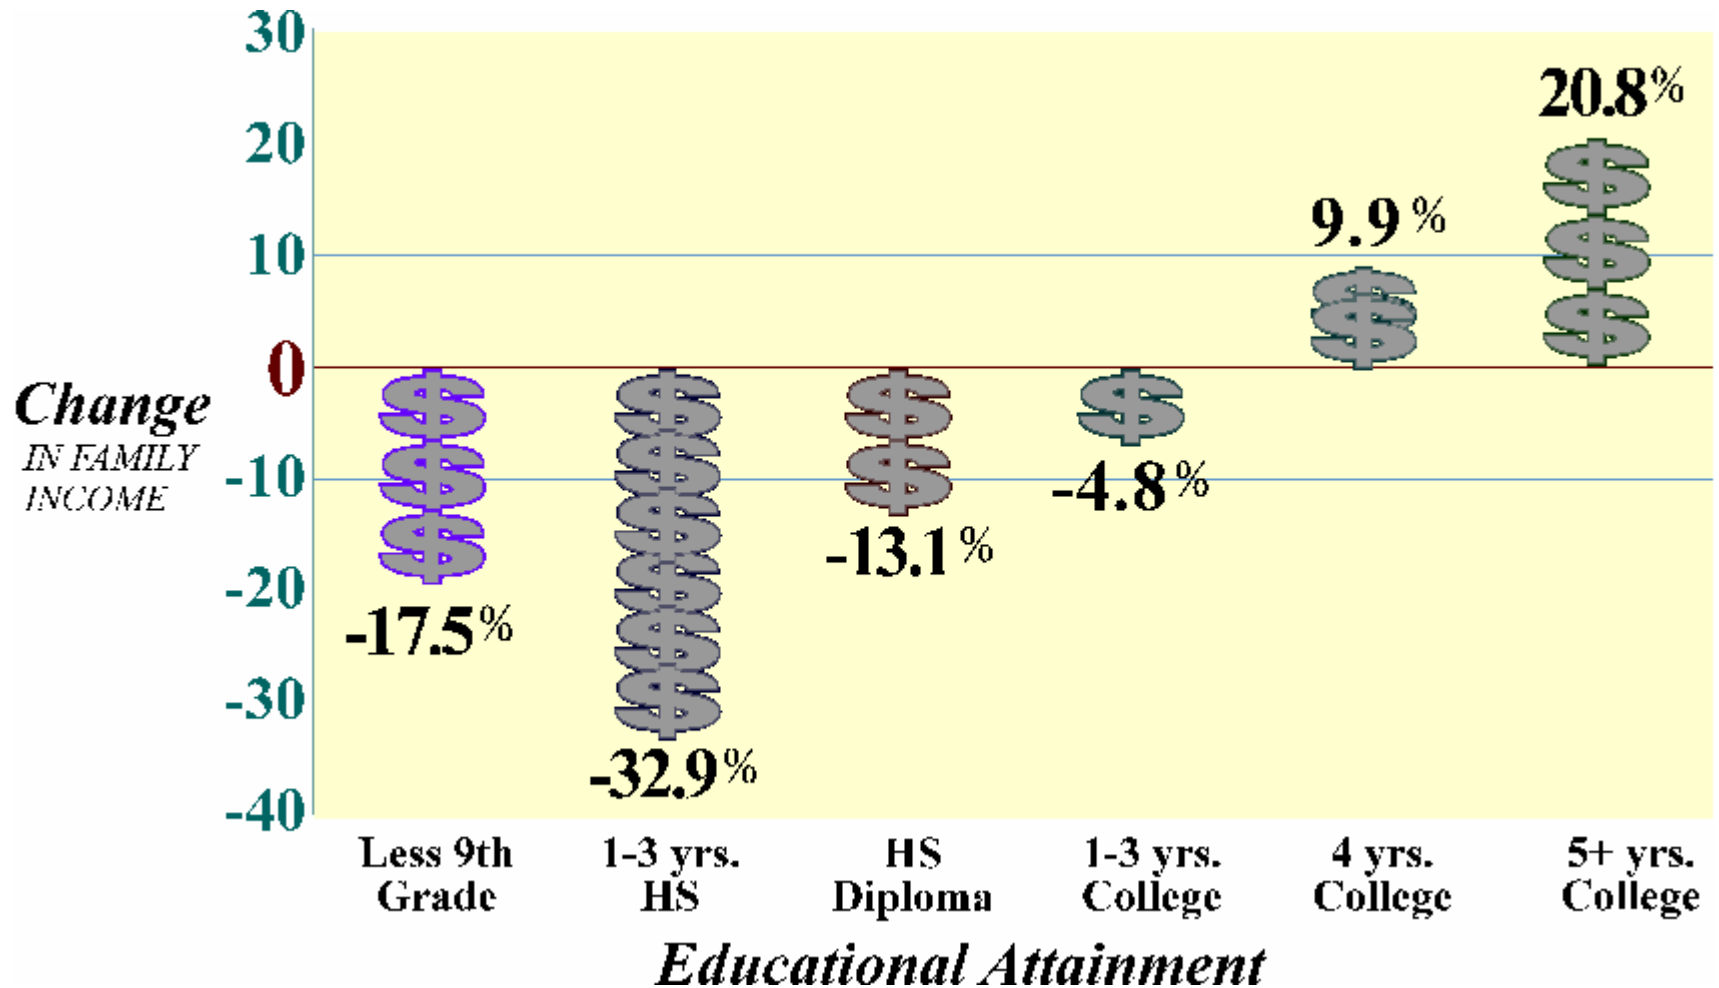

It's not all about money...

**But it is about money, and...**

It's not about a college prep track.

**It IS about a personalized college-ready program for further education, apprenticeship or work.**
