## ALTERNATIVE HEALTH & WELLNESS

### DRY SKIN BRUSHING

The skin is the largest organ in the body and is responsible for one-fourth of the body's detoxification each day, making it one of the most important elimination organs! It is important to understand the multiple functions of our skin and how it works to maintain health. Regular brushing has a long list of physical benefits including tightening and strengthening the skin, reducing the appearance of wrinkles and reducing cellulite. Learn how this simple yet powerful technique can benefit your health and improve the look, feel and texture of your skin.

**COMM 439 0885** 1 hr Fee: \$10 C113  
4/11 2:00PM- 3:00PM Sat ANGUS

### REFLEXOLOGY 101

Reflexology is an ancient healing art, used by an increasing number of people as a safe and natural therapy to relieve stress in the body. Miniature maps of the body are believed to be reflected on the feet, hands & ears. You'll be taught what reflexology is and how to use it effectively with family and friends; whether you know nothing at all or a little bit, you're sure to benefit from this course. Lots of hands-on practice is included and you'll get the opportunity to do some pampering on yourself!

**COMM 424 0919** 2 hrs Fee: \$15 C113  
6/13 12:30PM- 2:30PM Sat ANGUS

### REIKI

Reiki is a form of energy healing using universal life energy. It works on the whole person promoting well-being for the mind, body and spirit. Reiki is a simple, natural and safe method of healing that is highly effective, wonderfully relaxing and energizing at the same time. Reiki Master, Lorri Angus, covers the history of Reiki, as well as traditional hand positions for self-healing and healing of others.

**COMM 445 0940** 2 hrs Fee: \$15 C113  
5/9 11:30AM- 1:30PM Sat ANGUS

## ARTS & CRAFTS

### Beading/Collage/Drawing/Watercolor

### CABOCHON BEADING

A cabochon is a stone or gem that has been shaped into an oval or circle with a flat surface on one side. Seed beads are stitched together to surround the cabochon and hold it in place. Other shapes, sizes and colors of beads are then used to create a finished design. You will be able to use this intricate, yet simple beading technique to create stunning and unique jewelry.

**COMM 290 0744** 8 hrs Fee: \$60 C113  
4/21- 5/12 6:30PM- 8:30PM T WILLIAMS

### COLLAGE ART I

This class is highly contemporary and explores the use of paper and color in creating mixed media art. Learn how to recognize design and color schemes along with using/making hand-painted papers to include in your art pieces as well as experiment with different types of paint, paper and techniques. This class is about creativity, design, and self-expression; you'll be able to leave class knowing how to continue your journey of self-expression. Prior to registering prospective students are encouraged to check out the instructor's website at [www.faith-art.com](http://www.faith-art.com). Registration fee includes \$10 supply fee.

**COMM 294 0798** 10 hrs Fee: \$60 C113  
4/16- 5/7 6:30PM- 8:30PM Th WILLIAMS

### COLLAGE ART II

Building on the collage techniques used in the Beginning Collage Art I class, we will be adding found objects to our finished collage pieces. Found objects such as cabochons, rocks, shells, ribbons, and buttons will be attached to the canvas using a peyote bead stitch. We will also be experimenting with adding stitching using ribbons, embroidery thread and/or twine. Be sure to bring your found objects to class with you.

**COMM 291 0772** 10 hrs Fee: \$60 C113  
5/21- 6/11 6:30PM- 8:30PM Th WILLIAMS

### TASTE OF COLOR

The color of anything depends on the type of light sent to our eyes; light is necessary if we are to have any perception of color at all. Beginners course about light and color, symbolism and emotional effects of color. Learn how to mix colors. The medium will be watercolors. Course supply list will be available at the first lesson. Let's put colors together in a way that is right for your art and have some fun!

**COMM 279 0751** 12 hrs Fee: \$60 C110  
5/28- 6/18 6:00PM- 9:00PM Th DALE

### THE NEW SPIRIT OF WATERCOLOR - WATERCOLOR II

New ideas and techniques for creating innovative watercolor paintings are here for you. If you have some experience with watercolors, this is a course to enhance your skills; a course about materials, creativity, imagination, new traditions and technical innovation. We will cover the whole bible of watercolor artists and practice techniques of 36 of the country's best artists!

**COMM 280 0732** 15 hrs Fee: \$75 C110  
4/16- 5/14 6:00PM- 9:00PM Th DALE

### GETTING UNDER THE SKIN: HUMAN FIGURE DRAWING

We will get under the skin and draw so the muscles make the human figure take on the third dimension. The complex human form seems like a huge challenge for the artist. We will help the human figure become much more manageable by breaking it up into 'bite-size' chunks before we 'swallow it whole.' This course will help you eliminate your fears of compositions with figures.

**COMM 285 0768** 15 hrs Fee: \$75 C110

### BUSINESS

#### BUSINESS LEADERS BREAKFAST **NEW**

In a struggling economy some businesses, especially those that are sales-driven, must do their best, if not better! In this respect the college, in partnership with the Renton Chamber of Commerce, is hosting a special "leader's breakfast" for sales directors, company owners, and operational directors, to hear sales and marketing expert Lou Carlascio discusses the steps, if not solutions, for sales-driven businesses to take when sales revenue is declining and budget constraints restrict what's normally been done. Marketing strategies linked to increased sales and what businesses need to do to be successful is today's focus; it's "sales savvy," it's concise and it's timely!

**COMM 361 0858** 2 hrs Fee: \$25 C113  
4/28 7:30AM- 9:30AM T CARLASCIO

#### WANNA BEE TO KILLER BEE **NEW**

If you need to make extra money to support your family and you've taken on a sales-type job (or you're already in sales), this class is guaranteed to provide you with the sales process that works! Session is about learning practical skills to increase your sales techniques. Definitely for the veteran sales person as well as someone selling part-time to make ends meet in a tough economy. Gain confidence in performing the basic sales steps and practical skills of successful selling; learn a process that, if followed, works. Class also features a three-month post-session coaching internet hotline with your instructor to help with your growth, answer questions, etc.

**COMM 360 0857** 10 hrs Fee: \$65 TRC  
4/7- 4/28 6:30PM- 9:00PM T CARLASCIO

#### PURSUE YOUR PASSIONS **NEW**

This interactive workshop focuses on you; you provide the content to look at your passions, talents and personal/professional strengths in a way that's non-threatening. For many people "passions" or "strong interests" can be turned (or directed) toward income-producing activities and this entry-level workshop introduces you to a three-step process to doing just that. Discover your passions, explore three income-producing options, and identify things to work on after the workshop.

## WSU KING COUNTY EXTENSION PRESENTS: TOOLS FOR RESOURCEFUL LIVING

WSU King County Extension is delivering a FREE 4 class series designed to help you save money while reducing your impact on the environment through making simple changes in your home and your garden. Each class features a specific stewardship theme and will teach you feasible ways to limit your input into the waste stream, conserve resources, and save money. In 2009, we are bringing these relevant, hands-on, FREE classes to Renton Technical College and the City of SeaTac. WSU King County Extension and King County work collaboratively in providing this and other educational programming for residents of King County. Register for these classes by contacting Darcy Batura, WSU King County Extension, Environmental Education Faculty at 206-205-3130 or at <http://www.king.wsu.edu/enviro/events.htm>

### COMPOSTING 101: TURNING WASTE INTO A RESOURCE

Composting is good for your yard and garden, good for the environment, easy to do and fun! Compost can retain 100% of its weight in water and is an important component of gardening in a drought. If you are interested in improving the quality of soil in your yard and garden then please join WSU Extension to learn quick and easy ways to turn yard trimmings and kitchen scraps into rich soil amendments. This hands-on workshop will cover all you need to know to start building soil using yard and food waste. Topics covered will include:

- Why soil is important and simple techniques to identify your soil type
- Methods for making and using compost in your backyard
- How to protect your soil and plants using mulch
